

The background of the lower half of the page is a photograph of a starry night sky over a mountain range. The sky transitions from a deep teal at the top to a warm orange and yellow near the horizon where the sun is setting. A large, semi-transparent white circle is overlaid on the sky. In the bottom left corner, there is a dark, semi-transparent rectangular area.

Ensuring your organisation's compliance with the UK and EU General Data Protection Regulation (GDPR) is a legal obligation for all businesses, regardless of their size, where they handle personal data. Whether you operate within these regions or are based outside the UK or EU but handle the personal data of UK or EU residents for the purpose of providing products or services or monitoring, compliance is essential.

By engaging with AJC's virtual Data Protection Officer (DPO) service, you will be paired with your own personal privacy specialist assigned based on your company's needs. With vast GDPR knowledge, they will become your primary point of contact, fluent in your industry's language.
